VOLUME 8.

ROSWELL, NEW MEXICO, MONDAY EVENING, JUNE 27, 1910

NUMBER 98

GOOD RAINS EVERYWHERE

During the past three days good rains have fallen all over the Pecos Valley and northeast along the line of the Pecos Valley railroad, as far as Texico. The rains have been in the nature of local showers, generally, but the showering conditions are prevailing over the entire country, with the result that almost as much good has been done as though a general rain had fallen. The towns of Roswell and Carlsbad are the only ones that have escaped a good rain, only light showers falling at both places.

Long distance messages report the following:

Artesia had a good rain Saturday night and again Sunday night.

The Felix country had rain Friday night and Saturday afternoon.

Hope had a heavy shower Sunday morning.

Elk and the Y O Crossing country had a big rain Thursday night and a shower Sunday morning.

Hagerman, Dexter, Orchard Park and Lake Arthur had a heavy rain Sunday afternoon.

Alida had a rain Friday night that soaked the ground to a depth of two inches.

On Friday night Kenna had a four hours' steady rain.

Clovis had a good rain Saturday night and, Texico, eight miles distant, had a good rain Sunday morning.

Acme, Campbell and the country between had a heavy shower Sunday afternoon.

Ed Herndon, coming in Sunday from Pine Lodge, had to ford Salt Creek, and forded it with difficulty. Much of the country between here and the Lodge is very muddy.

The auto Sunday, coming from Vaughn, passed through two broad streaks that were so muddy the car could hardly make it without chains.

ITALY WILL ASK FOR THE EXTRADITION OF CHARLTON.

Rome, Italy, June 27.—The foreign office has decided today to follow the provisions of the Italian-American extradition convention and ask for the extradition of Porter Charlton, leaving it with the American authorities to accept or refuse the request.

WIRELESS STATIONS FOR NEW MEXICO.

Seattle, June 27.—Wireless stations for use in an overland service to be inaugurated in the West, Midwest and Southwest by the North American Wireless Corporation are to be built in New Mexico. Already the Co. has stations in operation in the East and about the region of the Great Lakes and now the New York Corporation is entering the western field.

Lee De Forest, wireless expert and inventor of the long distance wireless telephone, is at present in California where he is giving long distance demonstrations. He has equipped the United States army transport Buford with the sparkless system of the wireless telegraph and the instruments are soon to be installed on the Kilpatrick, Sumner and the Dix.

Before his departure for California Dr. De Forest equipped the most powerful wireless station in the world at Seattle. The tower will be used in the near future when the company inaugurates its trans-Pacific service. Upon his return from California Dr. De Forest will give demonstrations with the wireless telephone talking between Seattle and Everett, a distance of thirty-five miles.

It is possible that the noted inventor will visit New Mexico on his return to New York. Stations to be built in New Mexico will be of steel construction.

PRIZE FIGHT BETTING FAVORS JIM JEFFRIES.

New York, June 27.—An exodus of sporting men for Reno is now on. Large numbers of Easterners left here today for the Jeffries-Johnson fight. Opinion still favors Jeffries, but there has been little betting, most of

those intending to wager preferring to place their bets at the ringside.

Reno, Nevada, June 27.—Such progress was made on the arena yesterday and today that its completion for the fight is now certain.

Both the fighters are now in splendid trim and showing no sign of their sudden change from sea level to a high altitude.

This morning Jeffries plunged into eleven rounds of continuous boxing, alternating with Choynski, Corbett, Armstrong and Berger and followed with two rounds of tugging and pulling with Farmer Burns. It was fast and furious work from start to finish and the final round with Berger came very close to a real fight.

Jeffries did not take a minute's rest, yet he came out without the least sign of fatigue. It was the fastest work the big fellow has done since starting training.

Johnson took an eight mile jaunt along the road, returning gleaming with perspiration. Later in the day he did a lot of gymnasium work and boxing.

HAS SPENT \$1027133446

Washington, June 27.—The appropriations made at the session of congress just closed amounted to one billion, twenty-seven million, one hundred and thirty-three thousand, four hundred and forty six dollars, according to an official announcement made today.

WILL CONCRETE THE RIO PENASCO PROJECT.

W. P. Riley and T. V. Coffin, of Hope, and W. P. Lewis, of this city, compose a committee that has in charge the work of securing bids for the construction of cement ditches, a cement dam and other big improvements for the Rio Penasco irrigation project at Hope. The committee was at work here today. The improvement will be made for the purpose of saving the waters of the Penasco from seepage. It will in this way no doubt allow the reclamation of much more arid land than is now under cultivation at Hope. A considerable sum will be spent in cementing the proposition.

PREPARING TO OPEN THE JUAREZ RACE TRACK

New York, June 27.—According to Colonel Max J. Wynn preparations are being made to open the Juarez race track, possibly as early as November first.

"In the unfortunate event of a temporary cessation of racing in New York state," he said, "after September first, Juarez will open its gates earlier than Thanksgiving day. The directors of the Juarez Jockey Club have adopted a resolution fixing up a meeting for at least one hundred days and guaranteeing at least three thousand dollars a day, added money."

TONG WAR RESULTS IN DEATH OF CHINAMEN.

New York, June 27.—Two Chinamen are dead, a third badly wounded and seven Orientals are under arrest as the result of the renewal yesterday of hostilities in the never-ending tong war in Chinatown. The two dead men were members of the Four Brothers' Tong and the killing is believed to have been done by three members of the rival On Leon Tong.

Chinatown today is being patrolled by a big force of policemen.

MEXICANS WOULD USE DYNAMITE ON THE CHINKS.

Naco, Arizona, June 27.—Two Chinese establishments at Cananea, Sonora, have telegraphed the Chinese minister at Washington, demanding protection from the Mexicans, it being reported that Mexicans are preparing to dynamite all the Chinese stores and run the Celestials out of Cananea. That city has had no vegetables for a week, the Chinese gardeners being afraid to bring their truck products to town.

M'MURRAY ACCUSED

Senator Gore, of Oklahoma, created a sensation in the U. S. senate last Friday when he disclosed what he interprets as an attempt to bribe him by J. F. McMurray, the well known lawyer of McAlester, who owns a big irrigated farm east of Roswell and who spends much of his time here and now has three sons spending the summer at his Roswell summer home. The accusation of Senator Gore is that an effort was made to bribe him in connection with legislation affecting about \$3,000,000 claimed as attorney's fees by Mr. McMurray on contracts he had with the Indians for services rendered relative to the Catoctaw and Catoctaw nations in land and town-site cases.

Mr. McMurray was in the gallery in the senate when the charge was made and was later interviewed on the subject. He denied the charge emphatically and furthermore stated that he did not understand Senator Gore's move in the matter.

Specifically, Senator Gore stated that through a mutual friend, Mr. McMurray had told him that \$25,000 or \$50,000 would be available if the contracts were not prohibited.

The charge created a sensation in the senate, which later extended to the house. The latter body in consequence sent back to conference the general deficiency bill which carried an item relating to contracts between the Indians and their attorneys.

As the result of the denunciation Senator Gore finally involved a member of the senate committee on Indian affairs, two former senators—one from Nebraska and the other from Kansas, but whose names were not made public in debate. In response to a suggestion by Senator Bailey that he should name the senate member of the Indian affairs committee, Mr. Gore denounced, but declared he would welcome an investigation of the charges so that the whole matter might be brought out before a body authorized to deal with his allegations. It is not improbable that such an investigation will be ordered.

AIR TRAFFIC FOR AMERICA

New York, June 27.—It was learned today that the Gorman syndicate which is operating the Zeppelin airship to carry passengers between Friedrichshafen and Düsseldorf is already planning to extend their activities to America.

It is announced that the syndicate has under consideration the possibility of putting a Zeppelin dirigible into commission between New York and Boston.

The duty of fifty per cent on airships, would, however, make the cost of a Zeppelin dirigible in this country a million dollars, an almost prohibitive price, and a ruling of the government on the matter would first be necessary.

RIOTS OVER RELIGION

Madrid, Spain, June 27.—The Vatican's latest note to the Spanish government is regarded as practically an ultimatum. It insists on the withdrawal of the decree of June 11 as a condition precedent to the continuation of the negotiations over the revision of the concordat.

Republicans and radicals are organizing throughout Spain counter-manifestations against the Catholic agitation.

At Bilbao today Republicans, who were making an anti-Catholic demonstration, entered the Carlist club. Rioting followed, during which one man was killed and many injured.

A religious riot also occurred at the Basque club at San Sebastian. The municipal guards charged the rioters, killing one man and wounding seven others.

MRS. BERRY ATWOOD HURT IN A RUNAWAY.

Driving a livery horse, Mrs. Berry Atwood was in a runaway near her home on South Main street at ten o'clock Saturday night. For some unknown reason the horse started to run and in jerking the buggy, threw Mrs. Atwood out. She struck on her head and shoulders, cutting a gash in the back of her head and badly bruising her right shoulder. Her face was bruised, also. The buggy was found at the rear of the planing mill of the Valley Construction Company, where the horse had broken loose from it. The buggy was more or less damaged but the horse escaped injury. The horse and buggy belonged to the City Livery Stable.

POPULATION OF ROSWELL SIXTY-FOUR, SIXTY-FOUR.

Roy Parsons and James Mullens have finished their private count of the people of Roswell and this afternoon announced the total as being 6,464. These two gentlemen were two of the enumerators for the U. S. Census and their figures will not be far off from the official returns. They made a second canvass of the city for a private directory.

BOLD TRAIN ROBBERY

Ogden, Utah, June 27.—The second section of the Oregon Short Line train No. One, north bound, was held up this morning at an early hour in the northern part of this city by masked men, who stopped the train by placing torpedoes on the track.

The passengers were relieved of their valuables and the express messenger compelled to deliver the contents of the safe. The exact amount the robbers obtained is unknown.

The robbers escaped in a buggy. The daring and coolness of the robbers equalled that of the famous exploits of the Jesse James gang.

One woman, Mrs. J. H. Hall, lost a pair of diamond ear rings, which were ruthlessly torn from her ears by one of the robbers.

After each coach had been systematically gone through, the robbers fired a number of shots in the air, got into a buggy and drove away at top speed.

Phone No. 9 for Picnic Wagon.

R. F. WEST, BRAKEMAN, DIED SATURDAY MORNING.

R. F. West, who was a popular Santa Fe brakeman running out of this city, and moreover, as fine a fellow as would be met in many a day, passed away at his home at 612 S. Washington street in this city, at five o'clock Saturday morning. For three years he had been afflicted with tuberculosis, but remained cheerful and hopeful through it all. He came here

eighteen months ago and for the past three months has been too sick to work. He was 31 years old and leaves a wife and two children. The funeral was held at four o'clock Sunday afternoon, the service being conducted at the Henninger morgue by Rev. P. T. Ramsey. Interment was made at Santa Side cemetery.

Henninger Loss Adjusted.

C. F. Wilson, of Denver, fire insurance adjuster, left this morning for his home after adjusting the loss on the recent fire at the H. H. Henninger Undertaking establishment. He paid the sum of \$1,616 which was satisfactory as far as it went. Yet to be accounted for and settled with the company is the loss on the \$1,600 hearse; and this matter is yet to be settled with the home office. There was no insurance on the horses. Mr. Henninger figures his total loss at \$3,115. To this is to be added the loss of building and damage to telephone cables, etc.

NEW MEXICO TRAGEDIES

Santa Fe, N. M., June 27.—The quicksands of the Rio Grande claimed two victims yesterday. At the village of Alameda, thirty miles north of here, nine year old Max Sanchez walked into the river and sank down into the water, at that point a foot deep. When he tried to wade out he found the sand had hold of him.

Another boy, fourteen year old Leonardo Sanchez, responded to his brother's cries for help and he, too, was drawn into the deadly sand. When rescuers arrived both boys had been drowned.

A New Mexico Tragedy.

Trinidad, Colo., June 27.—News reached here today of a tragedy at Vernejo Park, New Mexico. Carlos Archuleta, a mail carrier, after shooting and seriously wounding Mrs. Juanita Gallegos, with whom he was living and witnessing the burning to death of her ten year old daughter, committed suicide.

The shooting followed a quarrel. The frightened child, in endeavoring to light a lamp, set her clothing on fire. Archuleta watched her burn to death. He then went into a field and blew his brains out.

NINE CARS WITHDREW WHEN STOCKARD FELL OUT

From Dallas comes fuller reports of the withdrawal from the Glidden Tour of the Ohio car, driven by J. W. Stockard and Charley Sharp, of this city. A Texarkana dispatch states that Ohio car, No. 11, contestant for the Glidden Trophy, which was driven by Mr. Stockard and Mr. Sharp, was put out of the running at Texarkana and shipped back to Cincinnati for repairs. Its cylinder was broken and could not be repaired in Texarkana, the message states. Another message relates that nine cars were withdrawn from the race between Texarkana and Dallas.

A bunch of base ball fans, with Weeks and Lohman, have challenged the Roswell base ball team for a game at three o'clock tomorrow afternoon, the winners to take a purse of \$25. Assisting Weeks and Lohman will be Bedell, Wilson, Charley Gilbert, Worswick, Hunt, Malone, Dow, Hull and Evans. An admission of 25 cents will be charged to pay for balls and grounds. UNCLE JOE CHEERFUL

Washington, June 27.—"God willing, I'll be here next session and it will be for the Republican majority to determine who shall be speaker." Speaker Cannon paid a farewell visit to the White House today and the above is what he said as to his future plans.

"In all my life," he continued, "I have never seen a situation so full of promise for Republican victory in the fall. It always happens that the Democrats will win hands down this year, but when the ballots are counted they come out behind."

KILLED THREE MEN AND WAS KILLED BY MILITIA.

Atlanta, Ga., June 27.—W. H. Bostwick, a desperado, who killed three men, and wounded three men at his home near Ocella yesterday, was found dying in his barricaded home early this morning when a company of militia made a rush and captured the house. Bostwick died soon after.

It is supposed a bullet fired during the fight with a posse last night struck him. Sheriff McInnes, who was shot by Bostwick last night, died today.

Bostwick's five children were found huddled on the floor beside their father uninjured.

The affair began Sunday afternoon when officers went to arrest Bostwick and failed. Then Sheriff McInnes and a posse went after him. Bostwick killed Chief of Police Steve Davidson Deputy Sheriff Sheffield and Sheriff Innes and two deputies fell badly wounded.

SON OF C. W. MORSE WILL TRY LIFE AS A COW BOY.

New York, June 27.—Erwin E. Morse, son of Charles W. Morse, the financier, who graduated from Yale last Wednesday, will leave New York next Thursday for Wyoming, where he will begin life as a cow boy on a ranch thirty miles square.

Young Morse was offered a chance to commence life in a New York office, where he might work his way up the financial ladder under the careful guidance of his father's many friends, but he made up his mind that the west held out greater inducements and decided to go west and learn the business at the bottom. Therefore he will start herding cattle.
